

Scholarships

The West Ohio Conference has made a significant investment in providing opportunities to train congregational leaders. To help these leaders take advantage of training opportunities – and to enable congregations of all sizes to experience growth -- a Scholarship Training Fund is being established.

A Scholarship Training Fund will enable every congregation – no matter what its size or financial situation – to be able to offer training and growth opportunities for its leaders. With this Fund, congregational leaders can engage in the process of visioning, futuring, discerning, training, planning, changing, and growing spiritually.

The Scholarship Training Fund will provide the opportunity for every congregation to customize a leadership development program based on the needs and goals of the congregation and its leaders. Successful academics and training systems have been developed, piloted, and implemented.

You Can Help Make The Scholarship Training Fund a Reality

With your financial commitment and the commitments of others, Strength for Today, Bright Hope for Tomorrow will assist congregation leaders to obtain the leadership training skills they need to help their congregations grow.

Hope for tomorrow depends on our ability to nurture new leaders within our congregations to lead them into an exciting future. Could you be one of the persons that God is calling to lend support to this effort?

The investment in scholarships for 300 teams for 1 year is \$900,000.

The total investment to fund all the needed scholarships for 3 years is \$2,700,000.

Would you be willing to pray?

Lord, What do You Want to do Through Me to Accomplish Your Will?

TEN PERCENT

of every gift will provide additional support for our mission partners in

Africa, Mexico & Russia.
