District Superintendent Evaluation
This form is required for all applications.

To be completed and signed by the District Superintendent or the Assistant to the District Superintendent.

Name of Ministry_____

District_____

Dear District Superintendent or Assistant to the District Superintendent,
The above ministry is applying for a community center/cooperative parish grant through the Conference Board of Global Ministry. The board will have $125,000 to distribute for fiscal year 2008. Support is limited to community centers and cooperative parishes. Congregational outreach ministry is not supported through this grant ministry. A community center has broad based community support and community partners that extend beyond the congregation. Please use additional space if needed. Your completed evaluation should be signed and secured in a sealed envelope and mailed to the Conference Office by September 17, 2007. Information received after that date will not be reviewed and will disqualify the organization for funding consideration.

1. Please evaluate the missional impact this ministry has within their community. If other organizations provide the same service, what makes this ministry unique?

2. What is the sustainability of this ministry? To your knowledge, have they been successful in securing other resources? How?

3. Does this ministry receive District Support? If so, how much support?

4. Would you recommend this ministry for Conference support? Please explain your answer.
